

FAA Safety Team & Greensboro FSDO presents:

CFI Open Forum Open to All Pilots

At this open forum, we will discuss and review instructional strategies to help prevent loss of control (LOC). This interactive presentation also leads the participants in a discussion of best practices for developing evaluation scenarios and how to instruct students to comprehend the risks and hazards that can lead to LOC. It allows FAA Safety Team Program Managers and designated FAA Safety Team Representatives together with CFIs and DPEs to discuss the importance and safety benefits of teaching loss of control. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Click the link below and register TODAY.

<http://www.faa.gov/news/updates/?newsid=85490>

Directions: Seminar will be conducted at the General Aviation Terminal between TACAir and Signature FBOs. Aircraft parking available on ramp area.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
